### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The cited prior art fails to teach the claimed invention alone or in combination.

The claimed invention is a text input system comprising entering text, storing, identifying the plural lines of text and replacing input text with identified text. Specifically the identifying step includes entering same first part of text input as lines stored in the dictionary and determining the unique line of text which has the same last character as the last entered character in the input text and the last entered character is also same as in the remaining part of unique lines stored. The cited prior art teaches entering first part that matches the first part of stored lines but fails to teach last entered character be the last character in stored dictionary lines as claimed or last entered character be in the remaining portion of the lines. Therefore the invention as claimed is allowable over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sanjiv D. Shah whose telephone number is (571) 272-4098. The examiner can normally be reached on M-F 9-5:30.
